Feedback from students:

I am pleased to inform you that I received a 5 on my AP Chemistry test and scored 780 on the SAT Chemistry test. I could not have scored as high as I did without all of the hard work you put into your teaching! Thank you for everything! -- Sincerely, Peter Wang

Hi Mrs. Wang, I just wanted to let you know I made a 5 on my AP exam! Thank you so much for tutoring me for the year. There is definitely no way I would have gotten the score I did or finished the school year with an A if it weren't for you. I hope you're having a great summer. :-) Thanks again, David Wang
